Timonium's Hidden Gem

2023 Maryland State Fair Race Meeting

Dear Horsemen,

On behalf of the Board of Directors and Staff of the Maryland State Fair and Agricultural Society, welcome and thank you for participating in our 2023 Maryland State Fair Race Meeting!!!

Organized thoroughbred racing has been held at the Maryland State Fairgrounds since the Fair's inception in 1878. We are proud of Maryland's storied racing heritage and the Maryland State Fair's contributions thereto. Your participation extends far beyond the actual race day, serving to educate Fair attendees about Thoroughbred racing and thereby attracting new fans to the sport – a vital mission for us all.

This year the Maryland State Fair Race Meet will offer daily purses of \$287,000.

We will also be offering the running of The Timonium Distaff on Saturday, August 26, and The Timonium Juvenile on Saturday, September 2, with potential purses of \$100,000 each.

Additionally, the Timonium Race Meet will be offering \$20,000 in Trainer's bonuses. There will also be Grooms Awards for the best turned out horse in each race.

College Day at the Fair will be held Saturday, August 26 and will award ten \$1,000 college scholarships to students who register and who are in attendance at the races.

We hope that you will enjoy the additional improvements that have taken place on the Fairgrounds campus since our last Race Meet. Additionally, we also hope that your visit to the "Big T" is successful and that you will enjoy your time at Maryland's historic and iconic Maryland State Fair Race Meet.

With great thanks and appreciation,

Gerry L. Brewster, Esq., Chairman of the Board

Donna G. Myers, President

William F.C. Marlow, Esq., Chairman of the MSF Racing Committee

William Reightler, MSF Director of Racing Operations

AND SAFETY AUTHORITY

HISA OPERATIONS BULLETIN

November 11th, 2022

Required Vaccines and Tests

The January 1, 2023, deadline to have all your required vaccines and tests recorded on the HISA portal is fast approaching. On this date, HISA will start enforcing this regulation, preventing your horse from racing if these vaccines and tests are A) not listed on the Horse's Health records or B) not up to date, as required by HISA rule 2143.

The Required Tests and Vaccines:

- Certificate of Veterinary Inspection
- Coggins Test
- Encephalitides Vaccine
- Rabies Vaccine
- Tetanus Vaccine
- Influenza Vaccine
- Rhinopneumonitis Vaccine

Exception

If a health certificate is submitted for a horse at a licensed racetrack facility or training center and is then transported directly to another licensed facility within the same state, another health certificate is not required to be provided. However, if the horse is transported from a licensed racetrack or training center to an unlicensed facility or farm between races or leaves the state between races, the health certificate must be presented.

Regulations for Each Test and Vaccine

HISA Rule 2143 establishes the requirements for each test and vaccine. In order to race, these requirements must be met. To ensure your horse can race, make sure your horse's negative Coggins test and necessary vaccines are up to date, as required by HISA Rule 2143.

HORSERACING INTEGRITY
AND SAFETY AUTHORITY

ADMC RULES & REGULATIONS

EFFECTIVE May 22, 2023

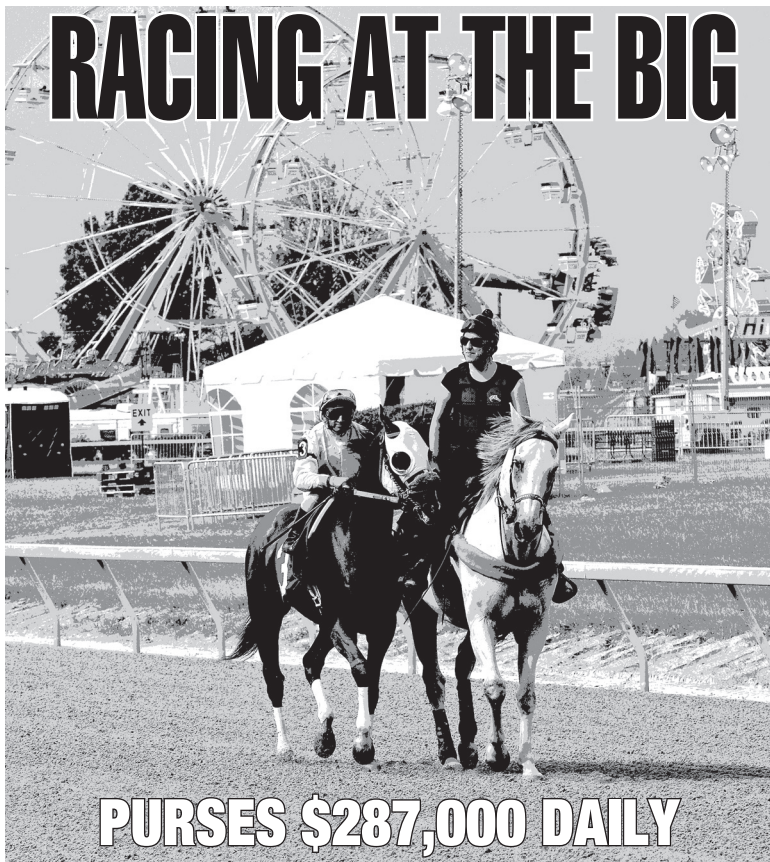

HISA implemented the ADMC rules & regulations. Go to hisaus.org/regulations for important information.

Reminder

ALL horses must be registered as a Covered Horse upon completion of their 1st timed and reported work.

Individuals who would like to submit tips should utilize the following contact options

- Phone: (888) 714-HIWU (4498)

Lasix, MUST be on the grounds
two (2) hours prior to the post time of your
race if you are in an early race,
OR 11:00 am. if you are in a later race

Thank you for your cooperation.

15% Developer Bonus

The Maryland Thoroughbred Horsemen's Association and Maryland Jockey Club have announced changes to the Maryland-Bred Owner Bonus Program to accommodate a new Developer Bonus Program, beginning in phases with the Jan. 22 racing program at Laurel Park.

A 15% bonus will be paid to the developer—the owner or owners of a horse when it makes its first career start—for any Maryland-bred that finishes first, second or third in an open overnight race at a Maryland track. The Developer Bonus only applies to a horse still owned continuously by the original owner of the horse as of Jan. 22, 2021, or the owner of a horse that makes its first career start after January 22, 2021.

The Developer Bonus is not part of the purse and will not be included in a horse's earnings. The bonuses will be paid monthly once the testing of samples is completed and the races are released by the stewards. It will be the responsibility of the developer to provide the Horsemen's Bookkeeper with a W-9 if they do not already have a horsemen's account.

A 15% Maryland-Bred Owner Bonus will continue to be paid to all Maryland-bred horses that finish first, second or third in an open overnight race in Maryland and will continue to be part of the purse.

It is designed to provide additional incentives for owners to support the Maryland racing program through the development of weanlings, yearlings and 2-year-olds, thus increasing the number of horses available to fill races.

MRC RULES

COUPLED HORSES

As of October 25, 2018 Coupling Rule:

11) Coupled Horses.

(a) In §F(11) of this regulation, "commonality of ownership" means that the same person, persons, entity, or entities own at least 25 percent of a horse entered in a race and also own at least 25 percent of another horse entered in the same race.

(b) Except as provided in this subsection, horses [shall] may be [coupled] uncoupled at the time of entry for betting purposes if the horses have commonality of ownership.

(c) If a race is split into two or more divisions, horses [required to be coupled under] subject to the provisions of §F(11)(b) of this regulation shall be seeded in separate divisions, if possible, but the divisions in which they compete and the post positions shall be determined by lot.

09.10.01.17

Z. Declaration in Purse Races and Overnight Handicaps.

(1) The stewards may, for cause, allow a horse to be declared out of a race.

(2) If a horse is declared out of a race under the provisions of §Z(1) of this regulation, the stewards shall prohibit the horse from running out-of-State for a period up to 10 days starting with the day of the race from which the horse was declared out.

MRC RULES

Excerpts from Maryland Racing Commission Rules are Provided as a guide only, Consult Commission for most recent rules

(.09.10.01)(26). A horse is a "starter" when the stall doors of the starting gate open in front of the horse at the time the starter dispatches the field.

Barred Horses (.09.10.04.12)(A). Barred Horses. If a trainer has in the trainer's charge a horse whose name appears on a veterinarian's, starter's, steward's, or judge's list or any other list of horses ineligible to start, commonly known as a "Barred List", at a race track outside this State, the trainer shall report the name of the horse and the fact that the horse has been barred to the Racing Secretary, as well as to the stewards or judges, at the meeting within the State at which the trainer proposes to enter the horse to race.

Denervd Horses (.09.10.04.13)(A). Denervd Horses or Horses Subjected to a Cryosurgical Procedure. A denervd horse or a horse subjected to a cryosurgical procedure shall be registered with the chief veterinarian on a form provided by the Commission for that purpose.

Claiming. (.09.10.01.07)(A). Except as provided in §A-1 of this regulation, in claiming races a horse is subject to claim for its entered price by: (1) through a licensed owner; (2) An individual authorized to claim in behalf of a registered stable or other multiple ownership entity; or (3) A registered authorized agent in behalf of a person listed in §A(1) or (2) of this regulation. A-1. In claiming races a horse is not subject to claim if: (1) The horse has not started for a minimum of 120 days; (2) The last start of the horse was a claiming race; (3) The horse is entered for a claiming price not less than the claiming price of its last start; (4) For the first race following the period specified in §A-1 (1) of this regulation, the horse is declared ineligible to be claimed at the time of entry; and (5) The program clearly designates that the horse is ineligible to be claimed. **(B).** Eligibility to claim. (1) Except as provided in §A-(2) of this regulation, to be eligible to claim, a licensed owner, registered stable, other multiple ownership entity shall designate, as the person who will assume control and responsibility of a claimed horse, a licensed trainer who has been assigned stabling on the grounds under the jurisdiction of the Commission. (2) A licensed owner, registered stable, or other multiple ownership entity that does not have a licensed trainer with assigned stabling on grounds under the jurisdiction of the Commission is eligible to claim only to replace a horse lost to a claim at a track under the jurisdiction of the Commission. **(C.) A person may not be eligible to claim more than one horse in a race, either directly or through another.** (D). A valid claim shall: (1) Be in writing on a form provided by the association; (2) Be in the name of a person qualified to claim a horse; (3) Be signed by the person, or the agent of the person, in whose name the claim is made; (4) Contain the name of the horse to be claimed in a manner sufficient to avoid confusion with the name of another horse in the race; **(5) Name the trainer who will assume control and responsibility of the horse to be claimed;** (6) Be for the amount printed in the program as the claiming price of the horse; (7) Be enclosed in a sealed envelope, provided by the association, which shall contain no identifying marks on its outside other than the number of the race in which the claimed horse is to participate; (8) Be deposited in the time lock box of the claims clerk at least 10 minutes before the post time for the race in which the claimed horse is to participate; (9) Be supported by funds on deposit at the association in the name of the claimant in an amount sufficient to cover the cost of the claim and any taxes to which the claim may be subject. **(E).** After the deadline for entering a claim has passed, the stewards or designee shall: (1) Open the claim envelope for the race; (2) After ascertaining compliance with §§D and E of this regulation, if there is more

MRC RULES

than one valid claim for a horse, conduct a public drawing to determine the successful claimant; and (3) Notify the Racing Secretary of the identity of the successful claimant and the horse claimed. **(F).** The stewards may require a person who submits a claim for a horse in a claiming race to make an affidavit declaring that the person is claiming the horse for the person's own account or for the account of another as the registered authorized agent for that person. **(G).** If the stewards determine that a horse was improperly entered in a claiming race, they may: (1) Void a claim of the horse; (2) Order the claiming monies, including all taxes, refunded to the claimant through the Clerk of the Course, the horsemen's bookkeeper, or otherwise; and (3) Order the return of the horse to the original owner.

(.09.10.01.07)(H). Except as provided in §H-1 of this regulation, unless there is a violation of this regulation by the claimant, or the stewards determine that a horse was improperly entered: (1) The claim is irrevocable and the claimed horse becomes the property of the successful claimant from the time the horse is a starter; and (2) A purse earned in the race from which a horse is claimed is the property of the owner from whom the horse is claimed.

(.09.10.01.07)(H-1) A claim shall be voided if a horse is a starter and the horse: (1) Dies on the racetrack; or (2) Suffers an injury which requires the euthanasia of the horse, as determined by a State veterinarian, while the horse is on the racetrack.

(.09.10.01.07)(H-2) A claim is voidable at the sole discretion of the new owner, for a period of 1 hour after the race is made official, for any horse that: (1) Is vanned off the track after the race at the discretion of the State Veterinarian; or (2) Is sent to the detention barn and observed to be lame by the State Veterinarian.

Notice - There are two ways to void a claim in the above circumstance:

1. An owner, his trainer or authorized representative can elect to void the claim by checking a box for that purpose on the new Maryland Claim Form. If you have no intention of keeping a horse that is vanned off the racetrack you should check this box when you submit the claim.
2. There will be a new Void The Claim Form available in the racing office. If you have claimed a horse that is vanned off the racetrack at the direction of the State Veterinarian and did not elect to automatically void the claim on the Claim Form and you do not want the horse, you will have 1 hour after the race is declared official to file with the racing office a completed Void The Claim Form. If timely filed and approved by the Stewards, the claim will be voided.

For the claim of any horse vanned off the racetrack during the running of a race at the direction of the State veterinarian that does not satisfy either of the above requirements, ownership of the horse passes to the claimant.

(.09.10.01.07)(I). After the race has been run, the successful claimant shall present verification of the claim by the Racing Secretary to the person accompanying the claimed horse.

(.09.10.01.07)(J). A properly claimed horse shall be delivered to the successful claimant in the: (1) Paddock, immediately after the running of the race, if the horse is not subject to post-race testing; or (2) Detention area, after the horse has undergone post-race testing, if the horse is subject to that testing.

(.09.10.01.07)(K). If a trainer refuses to deliver a horse that has been claimed to the successful claimant when verification of the claim is presented in accordance with §J of this regulation, the: (1) Trainer is subject to sanctions; and (2) Claimed horse shall be disqualified from participating in further racing

MRC RULES

until delivery is made.

(.09.10.01.07)(L). In claiming races, the following acts, or an attempt to commit the following acts, are prohibited: (1) An agreement to claim, or not to claim, a horse belonging to another owner; (2) Preventing an owner from: (a) Claiming a horse, or (b) Legitimately running a horse in a race; (3) The claiming of a horse by: (a) The owner of the horse, (b) Another person for the account of the owner of the horse, or (c) One owner from another if the trainer of the horse to be claimed

trains a horse owned by the entity making the claim; and (a) A lien or other encumbrance affecting the transfer of title to the horse unless there is written permission from the holder of the lien or other encumbrance, attached to the horse's foal certificate, allowing the horse to be entered in a claiming race; (b) An ownership dispute, or (c) A written prohibition of the horse being entered in a claiming race which is attached to its foal certificate.

(.09.10.01.07)(M). If a horse is claimed: (1) For a period of 30 days from the day of the claim, the horse may start in a claiming race only for a claiming price at 25% more than the claiming price for which it was claimed; (2) The horse may not be sold or transferred to anyone, wholly or in part, for a period of 30 days from the day of the claim, except: (a) In a claiming race, or (b) When the horse is entered and starts for a claiming price which would cause the horse to become ineligible to be entered at Laurel or Pimlico; (3) Unless reclaimed, the horse may not remain in the same stable or under the control of management of its former owner or trainer for a period of 30 days from the day of the claim; (4) It may not race outside of Maryland for a period of 60 days from the day of the claim except: (a) To participate in a stake; (b) To participate in a claiming race for a price which would cause the horse to become ineligible to be entered at Laurel or Pimlico; or (c) During the scheduled absence of a live thoroughbred race meet in Maryland for at least 15 days.

(.09.10.01.07)(N). For the purposes of §M of this regulation, the day of the claim does not count in computing the time restrictions.

(.09.10.01.07)(O). The stewards shall report action taken by them, in reference to a violation of this regulation, to the Commission which may, in its discretion, take any further action it considers appropriate.

(.09.10.01.07)(P). A horse which was claimed in another state and entered to race in this State remains subject to the conditions of the claiming regulation in the state where the claim was made until those conditions expire.

(.09.10.01.07)(Q). Notwithstanding information printed in the program or other racing publications, the claimant is solely responsible for determining the horse's: (1) Age; (2) Breeding; (3) Physical condition; (4) Racing record; and (5) Sex.

Definitions. (.09.10.03.01)(A). In this chapter, the following terms have the meanings indicated.

General. (.09.10.03.03)(A). Except as provided in §A(14) of this regulation, the following acts are prohibited if committed on the grounds of a facility under the jurisdiction of the Commission, if they affect a race conducted live in the State, or if they affect the betting on a race in this State: (1) Offering, promising, giving, accepting, or soliciting a bribe in any form, directly or indirectly, to or by a person having any connection with the outcome of the race; (2) Entering, or knowingly aiding and abetting in the entering of, a horse ineligible or unqualified to race; (3) Participating in any improper, corrupt, or fraudulent act or practice in relation to racing; (4) Causing, attempting to cause, or any participation in an attempt to cause the prearrangement of a

MRC RULES

race result; (5) Soliciting bets on a horse from the public by a licensee either by correspondence or other methods; (6) Using or possessing a battery, buzzer, electrical device, or other appliance, other than an ordinary whip, which could be used to alter the speed or racing condition of a horse in a race or workout; (7) Using profane, abusive, or insulting language to employees of the Commission, employees of a facility under the jurisdiction of the Racing Commission, or the public; (8) Being in an intoxicated state; (9) Fighting or other conduct of a disorderly nature; (10) Using or possessing

a deadly weapon; (11) Committing or participating in the commission of a criminal act; (12) Violating a regulation or condition of the Commission or aiding or abetting a person in the violation of a regulation or condition of the Commission; (13) Failing to comply with an order or ruling of a steward, judge, or other racing official pertaining to a racing matter; (14) Cruelty to a horse wherever committed; (15) Tampering, or attempting to tamper, with a horse for any purpose; (16) Transferring, or attempting to transfer, the ownership of a horse for a purpose other than its legitimate sale or lease; (17) Registering a horse under the name of a person other than the legitimate owner or lessee of the horse; (18) Making false or misleading statements to a racing official or submitting false or misleading statements on a license application; (19) Except as otherwise provided in this regulation, using or possessing, actually or constructively, any of the following items: (a) A drug, or (b) A hypodermic needle, hypodermic syringe, or other device which could be used for injection; (20) Using or possessing the ingredients or the paraphernalia associated with the forced feeding to a horse of a combination of baking soda and sugar, or a form of sugar, or administering a substance by tubing within 24 hours of a racing program in which a horse is scheduled to race; (21) The possession or administration of Erythropoietin or any analogous substance that increases the oxygen carrying capacity of the blood; and (22) Failing to report the knowledge of a violation of this regulation to the stewards, judges, or the Commission.

(.09.10.03.03)(B). The use or possession of the items listed in §A(19)(a) and (b) of this regulation is permissible if the: (1) Item is possessed or used for a legitimate purpose by a licensed veterinarian; (2) Item is possessed or used pursuant to a valid prescription or order from a medical practitioner while acting in the course of the practitioner's professional practice; or (3) Stewards or judges, in their discretion, grant permission authorizing the possession or use of the item.

(.09.10.03.03)(C). The use of a shockwave therapy device is prohibited unless: (1) The device is registered with the Commission Veterinarian; (2) The device is used by a licensed veterinarian; (3) The device is used on a horse at least 10 days before the horse participates in a race; and (4) Each use of the device is reported to the stewards on a daily medication report as provided in COMAR 09.10.01.47K and 09.10.02.39F(3) and (4).

Drug Prohibition - Horses. (.09.10.03.04)(A). An individual may not administer, cause to be administered, participate, or attempt to participate in any way in the administration of a drug to a horse (1) During the 24-hour period before the scheduled post time for the first race of the program in which the horse is to participate; and (2) Until after the race in which the horse is programmed to participate is run.

(.09.10.03.04)(B). Notwithstanding any other provision of this chapter, no substance of any kind may be administered to a horse within 2 hours of the scheduled post time for the race in which the horse is entered.

(.09.10.03.04)(C). A horse participating in a race may not carry a drug in its body.

(.09.10.03.04)(D). The presence in the post-race urine, blood or other sample

MRC RULES

taken from a horse is prima facie evidence that the: (1) Horse was administered a drug and carried the drug in its body during the race; and (2) Drug was administered by the person or persons having control, care, or custody of the horse.

(.09.10.03.04)(F). Trainer Responsibility. A trainer is the absolute insurer of, and responsible for, the condition of each horse the trainer enters in a race, regardless of the acts of third parties.

(.09.10.03.04)(G). Enforcement. (1) The stewards or judges may order the: (a) Post-race taking of urine, blood, or other samples for testing purposes from any horse which participated in a race; (b) Denial, forfeiture, and prompt return of a purse, sweepstakes, trophy, or any other reward received by the owner of a horse found to have carried a drug in its body during a race; (c) Redistribution of the items denied, forfeited, and returned, resulting from the disqualification of a horse found to have carried a drug in its body during a race, to those owners whose horses were advanced by the disqualification. (2) If the stewards or judges order a disqualification due to a horse having carried a drug in its body during a race, they shall issue a ruling announcing the disqualification.

(.09.10.03.04)(H). Repeat Violations. An individual guilty of violating this regulation, or a comparable regulation of another racing jurisdiction, for the second time is considered a repeat offender, and the stewards, judges, or the Commission shall weigh this factor in determining a sanction.

Search and Seizure. (.09.10.03.07)(A). The stewards, judges, or designated Commission representatives have the right to enter into or upon the buildings, stables, rooms, automobiles, or any other place within the grounds of a facility under the jurisdiction of the Commission for the purposes of examining them, as well as the personal property and effects of a licensee contained there for the purpose of searching for, and the seizure of, items that constitute evidence of a violation of this chapter.

(.09.10.03.07)(B). An individual who has been granted a license by the Commission, by accepting the license, consents to a search and seizure as provided in §A of this regulation.

(.09.10.03.07)(C). A licensee who refuses to permit a search may be disciplined.

Bleeders. (.09.10.03.08)(A). The administration of Lasix to a horse is permissible if: (1) The administration of Lasix is recommended by a practicing veterinarian; (2) The recommendation is submitted to the State Veterinarian in writing; and (3) The trainer declares the use of Lasix at the time of entry.

(.09.10.03.08)(B). A Commission veterinarian is responsible for maintaining up to date records of horses which are permitted to use Lasix, and these records shall be available for inspection during the hours of operation of a race track.

(.09.10.03.08)(C). If a horse has been observed by a Commission veterinarian to have bled from at least one nostril during the running of a race or workout, either on the racing strip or in the barn area, that horse may not be permitted to race for a period of 14 days.

(.09.10.03.08)(D). If a horse has been observed to have bled as described under §C of this regulation within 365 days of the first occurrence, that horse: (1) May not race for 30 days after the first reoccurrence; (2) May not race for 180 days after the second reoccurrence; and (3) Is banned from racing forever after the third reoccurrence.

MRC RULES

(.09.10.03.08)(E). For the purpose of counting the number of days a horse is not permitted to race in this State under this section, the day the horse bled is the first day, and the horse shall be permitted to race in the State when the last day has expired.

(.09.10.03.08)(G). Racing Off of Lasix. (1) A horse on the Lasix Program that races without Lasix in any jurisdiction which permits the use of Lasix may not be eligible for its use for a period of 60 days. (2) To become eligible after 60 days: (a) The horse shall have been observed to have bled by a Commission veterinarian either: (i) Externally; or (ii) By endoscopic examination.

(.09.10.03.08)(H). Program Notice. (1) Of the horses scheduled to race, the official program shall denote the horses which have been administered: (a) Lasix; (b) Lasix for the first time (2) In the official program contains past performance lines, each past performance line shall indicate if the horse was administered; (a) Lasix.

Equine Specimen Testing. (.09.10.03.09)(A). The stewards or judges may designate a horse entered in a race to give blood or urine sample, or both, before or following the race.

Engagements and Transfers (.09.10.01.16)(A). In Maryland, if a horse is sold by private treaty or at public auction, or claimed out of claiming race (unless the conditions of the claiming race stated otherwise), it is considered to be transferred with all its engagements. The written acknowledgment of both parties is necessary to prove otherwise.

(.09.10.01.20)(B). A horse may not be allowed to race unless it has been lip tattooed by the Thoroughbred Racing Protective Bureau (TRPB). For good cause, the stewards or judges may waive this requirement if the horse is otherwise properly identified. However, the horse shall be tattooed thereafter within a time set by the stewards or judges.

(.09.10.01.17)(N). To compete in a race, a horse shall be eligible at the time of starting for that race.

License Badges (.09.10.04.11)(A). A licensed individual who enters a stable area which is under the jurisdiction of the Maryland Racing Commission shall wear upon the individual's outside apparel, in a prominent position, the license badge issued to the individual by the Commission, which contains the individual's picture identification.

Owners (.09.10.01.28)(F-1). Multiple ownership. Forms of multiple ownership shall be duly licensed by the Commission before being allowed to start a horse.

Safety Equipment (.09.10.01.51). An individual, astride a horse or pony on the grounds of a facility under the jurisdiction of the Maryland Racing Commission, shall wear a: **(.09.10.01.51)(A).** Safety helmet which is designed to adequately protect the head from injury; and

(.09.10.01.51)(B). Safety vest which is equal to or exceeds the requirements set forth in Regulation .21-1 of this chapter.

(.09.10.01.57)(P-1). Substitute and assistant trainers. If a trainer is to be absent from the track where his horses are participating in races, he shall obtain a licensed trainer to substitute for him during his absence. The substitute trainer shall be approved by the board of stewards upon forms approved by the Racing Commission. The original trainer is the absolute insurer of the

MRC RULES

horse he has entered. The substitute trainer will then become the absolute insurer of any additional horses he may enter.

(.09.10.01.57)(S). Any trainer or owner who harbors anyone not provided with a Maryland occupational license shall be immediately reported to the stewards, so they may make investigation thereof and take appropriate action as they deem necessary, if any, as provided under Regulation .45V.

Worker's Compensation (.09.10.04.19)(A). A person applying for a license who employs one or more individuals in a racing related activity shall have Workers' Compensation insurance as required by Maryland law unless the applicant's sole employee is a spouse.

(.09.10.04.19)(B). An applicant for a license under §A of this regulation shall list the following on the license application: (1) Name of the insurance company; (2) Name of the agent; (3) Policy number; and (4) Policy expiration date.

.09.10.04.19)(C). A licensee shall notify the Commission in writing, not less than 5 days before the effective date, of: (1) A change to the information furnished under §B of this regulation; (2) The cancellation of the policy; or (3) The nonrenewal of the policy.

.09.10.04.19)(D). A licensee, not employing one or more individuals in a racing-related activity when the licensee applied for a license, but who subsequently becomes the employer of one or more of these individuals, shall immediately: (1) Obtain the required insurance coverage; and (2) Furnish the Commission licensing office with the information required under §B of this regulation.

MEDICATION REFORMS EFFECTIVE JANUARY 1, 2014

The Mid Atlantic racing states have joined together to implement a uniform medication and drug testing program.

The following new rules and procedures are effective as of January 1, 2014 in Maryland.

1. Salix® (furosemide), pursuant to Commission supervised administration, is the only medication that can be administered to a horse within 24 hours of its race.

2. The administration of any adjunct medication within 24 hours of a horse's race is strictly forbidden.

3. There is a new medication category called **Controlled Therapeutic Substances**. This category contains a list of 24 therapeutic medications that have been recognized as necessary in the routing treatment of illness or injury in the horse. Withdrawal time guidance and uniform laboratory detection thresholds for these medications are being provided as a safe harbor for horsemen. You are strongly encouraged to restrict your use of medications to those on the Controlled Therapeutic Substances list, which will be amended from time-to-time.

PLEASE NOTE - All horses used in the administration studies exceeded 1,000 lbs. When dosing a horse smaller than 1,000 lbs., trainers and veterinarians may need to consider decreasing the total dose or increasing the time of dosing prior to racing.

4. Although five nonsteroidal anti-inflammatory drugs (NSAIDs) are contained on the Controlled Therapeutic Substances list - diclofenac, firocoxib, flunixin,

MRC RULES

ketoprofen, phenylbutazone - they should not be used in combination and only one of these NSAIDs may be present in a post-race sample.

5. It is recognized that there are medications that may be used in the treatment of illness or injury in the horse that are not on the Controlled Therapeutic Substances List and for which no treatment guidance or uniform testing levels are provided. **Horsemen and veterinarians are strongly cautioned to withdraw a horse from racing for a sufficient period of time after the administration of a medication not on the Controlled Therapeutic Substances list to ensure against a positive drug test.** Substances that do not affect the organ systems of a horse such as antibiotics, antimicrobials, vaccines, etc. (except for procaine penicillin and levamisole) are not prohibited and are not the subject of testing.

6.(1) As of March 1, clenbuterol will not have a permissive threshold. The presence of the substance in a blood or urine sample—at any detectable level—will constitute a violation. A horse found with clenbuterol in its system will be disqualified and the trainer subject to disciplinary action. The Racing Medication and Testing Consortium has recommended that clenbuterol not be administered to a horse within 28 days of a race at a minimum.

Because clenbuterol is recognized as a therapeutic medication, the regulation allows for its use if the following conditions are met:

a. The prescription for clenbuterol is made for a specific horse based upon a specific diagnosis. The prescription and volume dispensed cannot exceed a treatment period of 30 days.

b. The veterinarian must provide a copy of the prescription and diagnosis to the Equine Medical Director for review and approval. The horse may not receive clenbuterol before this approval is issued.

c. Trainers must make daily notification to the official veterinarian of horse(s) in their custody having been administered clenbuterol. Notification shall be made on a form and by a deadline designated by the Maryland Racing Commission.

d. A horse administered clenbuterol shall be placed on the official veterinarian's list. The horse must meet all conditions for removal from the list including a timed workout and blood and urine sampling. Both samples must have no detectable clenbuterol.

e. A horse may not enter to race until it has completed all the requirements in subdivision (d).

6.(2) If a clenbuterol is detected in a horse's post-race or out-of-competition sample and appropriate notification as outlined in subdivision 1(a) or (b) was not completed, the horse shall immediately be placed on the official veterinarian's list pending the outcome of an investigation. The horse shall be required to meet all conditions for removal from the veterinarian's list outlined in subdivision 1(d), above.

7. No intra-articular injection may be administered to a horse within 14 days of its next race. Administration of a total dose of 100 mg methylprednisolone acetate (Depo Medrol®) in one articular space will take approximately 21 days for the drug to fall below the testing detection level in plasma. For this and other reasons, **we strongly caution against the use of Depo Medrol® in the racing horse for at least 21 days prior to its race.**

8. During 2014, a new penalty system designed to identify and penalize those who incur multiple medication violations will be implemented. Each medication violation will incur points. Medication violations in the Controlled Therapeutic Substances category will be identified as Controlled Therapeutic

MRC RULES

violations and not “positive tests” and these violations will have a lesser point value. Violations for drugs and medications not on the Controlled Therapeutic Substances list will incur double points. Trainers risk additional mandatory suspensions if they reach the points thresholds established under the model rule for multiple medication infractions.

THIRD PARTY LASIX ADMINISTRATION PROCEDURES

Effective January 1, 2014, the administration of Salix® (furosemide), to a horse on race-day will be by a Maryland Racing Commission designated veterinarian and according to the following rules and procedures:

1. The only medication allowed to be administered to a horse within 24 hours of its race is Salix® (furosemide).
2. The administration of any adjunct medication within 24 hours of the horse's race is strictly forbidden.
3. The primary change from the current practice in the administration of Salix® to a horse is that a Commission designated veterinarian who does not practice on the grounds will be administering Salix®.
4. All horses shall be administered Salix® on the grounds of the operating racetrack in their assigned stall.
5. All horses declaring the use of Salix® must be on the grounds of the operating track at least 5 hours prior to post time for their race.
6. Trainers or their representative not requesting the use of Salix® shall declare their horse off of Salix® at the time of entry.
7. Trainers or their representative are responsible to contact and inform the Salix® Clerk at the operating track the dosage of Salix® their horse is to receive.
8. The Salix® Clerk will prepare a list of all horses scheduled to receive Salix®, their dosage and their location at the operating racetrack.
9. The Veterinarian designated to administer Salix® will identify the horse by its tattoo number, record the dosage and time of administration for each horse treated and make a written report to the Stewards and the State Veterinarian.
10. Trainers are responsible for having their representative present and available when the designated Veterinarian arrives to treat their horse.
11. If the Veterinarian designated to administer Salix® cannot locate a horse for treatment or the trainers representative, the Veterinarian will contact the stewards and relay the information.
12. Consistent with current practice, it is recommended that a horse receive Salix® 5 hours prior to its race, at a dosage between 2 cc's and 10 cc's. **Salix® will be administered IV only.**
13. Under no circumstance will Salix® be permitted to be administered to a horse within 4 hours of its race.
14. Consistent with current practice, a horse that is entered on Salix® and does not receive Salix® will not be permitted to run.

MRC RULES

15. The State Veterinarian will continue to be responsible for determining a horses' eligibility for the use of Salix® and also obtaining and verifying the proper documentation for a first-time Salix® horse.

.10 Out-of-Competition Testing.

A. The Commission may, at a reasonable time on any date, take blood, urine, or other biologic samples from a horse to ensure compliance with applicable medication and anti-doping standards set forth by the Association of Racing Commissioners International, Inc., as such standards may be amended and updated from time to time. The Commission shall own such samples. This regulation authorizes only the collection and testing of samples and does not independently make impermissible the administration to or presence in any horse of any drug or other substance. A race day prohibition or restriction of a substance by the Commission's regulations is not applicable to an out-of-competition test, unless there is an attempt to race the horse in a manner that violates such regulations.

B. Horses Eligible for Testing.

(1) Any horse that has been engaging in activities related to competing in horse racing in the State may be tested. This includes, without limitation, any horses that are training outside the State to participate in racing in the State, and all horses that are training in the State, but excludes weanlings, yearlings, and horses no longer engaged in horse racing (e.g., retired broodmares).

(2) A horse is presumed eligible for out-of-competition testing if:

- (a) It is on the grounds at a racetrack or training center under the jurisdiction of the Commission;
- (b) It is under the care or control of a trainer licensed by the Commission;
- (c) It is owned by an owner licensed by the Commission;
- (d) It is entered or nominated to race at a premises licensed by the Commission;
- (e) It has raced within the previous 12 months at a premises licensed by the Commission;
- (f) It is nominated to a program based on racing in the State.

(3) The presumptions set forth in this regulation are conclusive in the absence of evidence that a horse is not engaged in activities related to competing in horse racing in the State.

C. Selection of Horses to Be Tested.

(1) Horses shall be selected for sampling by a Commission veterinarian, the Executive Director, an equine medical director, a steward, a presiding judge, or a designee of any of the foregoing.

MRC RULES

(2) Horses may be selected to be tested at random, for cause, or as otherwise determined in the discretion of the Commission.

(3) Licensees of the Commission shall cooperate and comply fully with the provisions of this regulation.

(4) Individuals who apply for and are granted a trainer or owner license shall be deemed to have given their consent for access at such premises as their horse may be found for the purpose of Commission representatives collecting out-of-competition samples. Licensees shall take any steps necessary to authorize access by Commission representatives at such premises.

D. Collection of Samples.

(1) Samples shall be taken under the supervision and direction of a person who is employed or designated by the Commission. All blood samples shall be collected by a veterinarian licensed in the State, or by a veterinary technician who is acting under appropriate supervision of the State-licensed veterinarian.

(2) Upon request of a representative of the Commission, the trainer, owner, or their specified designee shall provide the location of their horses eligible for out-of-competition testing.

(3) The Commission or its designees are not required to provide advance notice before arriving at any location, whether or not licensed by the Commission, to collect samples.

(4) The trainer, owner, or their specified designee shall fully cooperate with the person who takes samples for the Commission, including, but not limited to:

- (a) Assisting in the immediate location and identification of the horse;
- (b) Making the horse available as soon as practical upon arrival of the person who is responsible for collecting the samples;
- (c) Providing a stall or other safe location to collect the samples;
- (d) Assisting the person who is collecting samples in properly procuring the samples; and
- (e) Witnessing the taking of samples including sealing of sample collection containers.

(5) The management and employees of a licensed racetrack or training facility at which a horse may be located shall cooperate fully with a person who is authorized to take samples. The person who collects samples for the Commission may require that the collection be done at a specified location on such premises.

MRC RULES

(6) The Commission, if requested and in its sole discretion, may permit the trainer, owner, or their specified designee to present a horse that is located in the jurisdiction, but not at a racetrack or training center licensed by the Commission, to be sampled at a time and location designated by the Commission.

E. The Commission may arrange for the sampling of an out-of-State horse by the Commission or the Commission's designee if the horse is located in the State. The Commission or its designee shall follow the relevant provisions of this regulation.

F. The test results shall be made available to the Commission, subject to any restrictions on public disclosure of test results that may apply to the Commission.

G. The Commission, if requested and in its sole discretion, may permit the trainer or owner instead to transport the horse into the State for sampling at a time and place designated by the Commission.

H. The individual who takes samples for the Commission shall provide identification and disclose the purpose of the sampling to the trainer or designated attendant of the horse.

I. An owner or trainer does not consent to a search of the premises by making a horse that is not located at a racetrack or training center available for sampling.

J. If the trainer or other custodian of a selected horse refuses or declines to make the horse available for sampling and the managing owner has previously provided the Commission with a means for the Commission to give immediate notification to the managing owner in such situation, then the Commission shall attempt to notify the managing owner and the eligibility of the horse shall be preserved if the managing owner is able to make the horse available for immediate sampling. The Commission is not required to make repeated attempts to notify the managing owner.

K. The chain of custody record for the sample (including a split sample where appropriate) shall be maintained and made available to the trainer, owner, or their designee when a complaint results from an out-of-competition test.

L. The Commission may have out-of-competition samples tested to produce information that may enhance the ability of the Commission to enforce its medication and anti-doping rules.

M. An out-of-competition sample that is found to contain a prohibited substance may be adjudicated in the same manner as a post-race sample that is found to contain a prohibited substance.

N. Split sample rules and procedures for post-race testing shall apply to out-of-competition testing.

MRC RULES

O. The Commission may use any remaining sample for research and investigation.

P. Willful failure to make a horse available for sampling or other willfully deceptive acts or interference in the sampling process shall constitute a violation of the Commission's laws and regulations and may be subject to penalties available under the applicable laws and regulations.

Q. A selected horse that is presumed eligible for out-of-competition testing shall be placed on the Steward's list and will be ineligible to race in the jurisdiction for 180 days if the horse is not sampled due to the trainer's, owner's or their designee's assertion that the horse is not engaged in activities related to competing in horse racing in the State. This restriction does not apply if the trainer, owner, or their designee voluntarily allows an immediate collection of the samples from the horse.

MRC RULES

ATTENTION ALL HORSEMEN AND VETERINARIANS New Mid-Atlantic Advisory regarding the use of Methylprednisolone Acetate (Depo-Medrol) and Procaine Penicillin

This Advisory addresses concerns that have recently been expressed by horsemen and veterinarians regarding compliance with the uniform drug testing thresholds and guidelines for the use of Methylprednisolone Acetate (Depo-Medrol) and Procaine Penicillin. The regulators from the Mid-Atlantic racing states met on July 1, 2015 and announce the following Advisory.

METHYLPREDNISOLONE ACETATE (Depo-Medrol)

The testing threshold for methylprednisolone acetate (Depo-Medrol) is 100 pg/ml plasma. This testing threshold is based upon the administration of a total dose of 100 mg methylprednisolone as methylprednisolone acetate in one articular space. The recommended withdrawal time for this administration is a minimum of at least 21 days, but there is a footnote warning that intramuscular (IM) administrations can result in plasma concentrations that can exceed the testing threshold for weeks or months. It is important to understand that the testing threshold can be exceeded if there is: 1) an IM injection; 2) an injection in more than one articular space, 3) a different formulation (e.g., compounded) of methylprednisolone, and 4) an injection into a subcutaneous space, i.e. not injecting into the right spot. This is of particular concern when injecting stifles and hocks, as a portion of the medication often is inadvertently deposited into tissues outside the joint capsule. It is important to understand that when a portion of this drug is placed outside the joint capsule of any joint, an intramuscular or subcutaneous injection will be the result.

Accordingly, it is recommended that 1) Depo-Medrol should not be administered to any horse a trainer wishes to race in the Mid-Atlantic region – New York, New Jersey, Pennsylvania, Delaware, Maryland, West Virginia and Virginia; and 2) a trainer who chooses to race a horse that has been treated with Depo-Medrol despite this warning should, at his/her expense, get

the horse tested prior to entry to ensure that the horse will test below the testing threshold of 100 pg/ml plasma. The testing threshold of 100 pg/ml plasma will be enforced. PROCAINE PENICILLIN

The current Guideline for Procaine penicillin requires the reporting of the administration of this drug to the Racing Commission and a mandatory surveillance of the horse for 6 hours prior to the race if the trainer wishes to race the horse. The purpose of the quarantine is to ensure against a nerve block. The Guideline, however, does not specify how long after administration of procaine penicillin the reporting and mandatory surveillance requirements must be followed.

Effective immediately, only Procaine Penicillin administrations within 30 days of a race need be reported to the Racing Commission. The surveillance requirement remains in effect. The Racing Commission or the racetrack, as the case may be, will provide a security guard for the horse at the owner/trainer's expense. Please note that the testing threshold for Procaine Penicillin is 25 ng/ml plasma regardless of the surveillance requirement and this testing threshold will be enforced.
