SECTION 6 - 4-H DRONE CHALLENGE

Date: Saturday, September 7, 2024

12pm: Come in early to practice with drones being used

1pm: Contest begins with Written Exam

Location: North End Cow Palace

Section Rules & Regulations:

1. This event is designed to provide 4-H members the opportunity to demonstrate their knowledge of and skill with flying uAV's (unmanned Aerial Vehicles), more commonly called drones. Safety is a primary goal during this event, and a Federal Aviation Administration (FAA) Certified Part 107 drone pilot will be present and to provide oversight of the event's operations at all times. This individual will be the designated "Pilot-in-Command," as defined by the FAA's uAV operation rules.
2. Contact your local UME 4-H office if you are interested in this event. **Individuals must enter through the 4-H Online registration system by July 31st.**
3. This event will include: the following scored components: (a) Written Exam (20 minutes); (b) Practical Exam (Parts ID & Flight Inspection); (c) Visual Line of Sight Flight Test (2 minutes); and (d) First-Person View (FPV) Flight Test (2 minutes).
4. Participants will be using drones provided at the event. Drones used will be DJI Tello's, owned and maintained by the Maryland 4-H program. All drone operations will occur inside the Cow Palace building and not in open airspace.
5. The FPV and Visual Line of Sight Flight Tests will both occur within the same designated arena. Only one drone will be in flight at a time, and all drones and drone operations will be contained within a netted area that is off-limits while the drone is air borne. Only event officials and the Pilot-in-Command are allowed inside the drone arena. The drone arena will include features which youth participants can engage with to complete tasks to earn points. Examples of tasks may include, but are not limited to: obstacle avoidance, object collection and depositing, beacon activation, image taking, and landing.
6. The "Pilot-in-Command" reserves the right, under the authority of the FAA, to take immediate control, stop drone operations, land, or take any other actions deemed necessary to preserve safety of individuals and property in the vicinity of drone event. This may include, if necessary, taking immediate control of drone from the current "Flight Control Operator" and for the purposes of the contest, assessing penalty points or disqualifying the competitor from further participation.
